UNIVERSAL BEACON/STROBE MOUNTING BRACKET

KEY FEATURES

- Suits all Narva flange mounted beacons and strobes
- Ensures easy fitment
- Durable powder coated finish

P/No. 85494

With Aerotech® (P/No. 85600A)

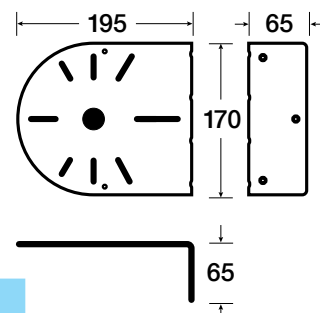

With Pulse II (P/No. 85246A-1)

SUITABLE FOR

Mounting warning lights can be challenging, to increase the ease of fitment, Narva have introduced a universal beacon mounting bracket.

This bracket is designed to allow easy mounting of all Narva flange mount strobes and beacons and allows fitment when access to the roof is either not preferable or inaccessible. This universal mounting bracket is ideal for mounting to sports bars, roll bars and other solid structures like cabins etc.
