DESCRIPTION

EX2R's feature ADR Approved white front position lights with RGB technology, which when paired with the EX2R Bluetooth Controller, offer a choice of 48 colours. With a hybrid beam that provides exceptional width and distance, without dark spots or hot spots, ensuring extraordinary clarity in the dark. Revolutionary internal switching (patent-pending) means there is no need for a harness. Sealed to IP68 & IP69K standards, equipped with hard-coated polycarbonate lenses, composite mounting brackets, stainless steel hardware, and backed by a robust 7-year warranty, the EX2R's are built for long-lasting performance.
