NARVA®

413 METRES @ 1 LUX

2 CUSTOM TRIMS

DIY HARNESS FREE

7 YEAR WARRANTY

DESCRIPTION

EX2's hybrid beam provides outstanding width and distance, without dark spots or hot spots, ensuring exceptional clarity in the dark. Revolutionary internal switching (patent pending) means no harness is required. A relay will be required for negatively switched vehicles. Making for the easiest wiring on the market and eliminating the need to wire these components through the firewall. Check local laws for your state. EX2's are built to last; sealed to IP68 & IP69K, with hard-coated polycarbonate lens, composite mounting brackets, stainless steel mounting hardware and a 7 year warranty.
