

NARVA®

HEAVY DUTY SQUAWK TONE REVERSING ALARMS

Instructions & Specifications

P/No. 72640, 72642, 72644, 72646

IMPORTANT SAFETY INFORMATION

Please read these instructions carefully before installation.

- Narva Heavy Duty Reversing Alarms are intended for commercial use. Proper installation of a Back-Up Alarm requires a good understanding of truck and heavy equipment electrical systems and procedures, along with proficiency in the installation and use of safety warning equipment.
- When drilling into a vehicle structure, be sure that both sides of the surface are clear of anything that could be damaged.
- Fix Narva Heavy Duty Reversing Alarm so it will operate properly under all conditions. The location must provide protection from impact and adverse weather conditions while allowing unobstructed sound projection to the target hazard area.
- Inspect the Narva Heavy Duty Reversing Alarm system daily to ensure that it is audible and operating properly and that it is securely attached to the vehicle. More frequent inspections should be performed when:
 - The vehicle is operating in a particularly dirty environment.
 - The operator has reason to suspect the alarm has been damaged.
 - Increased background noise on the job site may interfere with the audibility of the alarm.
- Store these instructions in a safe place and refer to them when maintaining and/or reinstalling the product.

ADDITIONAL INFORMATION

Cleaning: Unit will not be damaged if exposed to steam or spray cleaning.
High pressure systems not recommended.

Selection and installation of an alarm should meet the requirements of:
SAE J1446 MAY 1989 —

**“ON-MACHINE ALARM TEST AND EVALUATION PROCEDURE FOR
CONSTRUCTION AND GENERAL-PURPOSE INDUSTRIAL MACHINERY”**
and all applicable codes.

Operation of the vehicle in noisy environments may require an alarm that is louder than indicated in SAE J1446 MAY 89. Install an alarm that will be audible on the noisiest job site on which the vehicle will be used. Ground guidance should be provided to clear backing vehicles when the audibility of the alarm is in question.

WARRANTY STATEMENT

Brown & Watson International Pty Ltd (“BWI”) of 1500 Ferntree Gully Road, Knoxfield, Vic., telephone (03) 9730 6000, fax (03) 9730 6050, warrants that all products described in its current catalogue will under normal use and service be free of failures in material and workmanship for a period of one (1) year from the date of the original purchase by the customer as marked on the invoice. This warranty does not cover ordinary wear and tear, abuse, alteration of products or damage caused by the purchaser. To make a warranty claim the consumer must deliver the product at their cost to the original place of purchase or to any other place which may be nominated by either BWI or the retailer from where the product was bought in order that the warranty assessment may be performed. The consumer must also deliver the original invoice evidencing the date and place of purchase together with an explanation in writing as to the nature of the claim. In the event that the claim is determined to be for a minor failure of the product then BWI reserves the right to repair or replace it at its discretion. In the event that a major failure is determined the consumer will be entitled to a replacement or a refund as well as compensation for any other reasonably foreseeable loss or damage. This warranty is in addition to any other rights or remedies that the consumer may have under State or Federal legislation.

IMPORTANT NOTE

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
