DESCRIPTION

The Eurotech II range is a versatile and durable warning light solution, designed to suit a wide variety of vehicles and applications. The Eurotech II matches the original Eurotech bolt pattern with SAE Class 1 Approved rotating patterns, and an integrated light sensor for day/night switching, these lights deliver exceptional safety and performance.

FEATURES AND BENEFITS

- Ideal for smaller vehicles
- SAE Class 1 Approved rotating pattern for maximum visibility
- Light sensor for automatic day/night switching
- Durable polycarbonate lens and base for harsh environments
- Flange mounting option
- Compact and easy to store

Part No.	85260A-1
Height	128mm
IP Rating	IP67 + IP69K
Peak Current Draw	1A at 12V
Night Mode Brightness	40%
Operating Temperature	-30°C to +70°C
Synchronise	Up to 6 Units
Supersedes	85260A

FLASH PATTERNS

Double Flash (SAE, ECE TA2)

Steady

Single Flash (SAE)

Quint

Rotate (SAE)
