DESCRIPTION

The ULTIMA 215 LED Transport Driving Light Kit is purpose-built for large vehicles running four lights, delivering unmatched lighting performance and flexibility. Designed for ease of installation and optimal control, it ensures superior visibility tailored to your needs.

FEATURES AND BENEFITS

- Specifically designed for large vehicles utilising four lights for maximum illumination.
- Allows independent control of spot and hybrid beams, enabling true pattern customisation.
- Reduces road sign glare without compromising long-distance lighting performance.
- Quick and easy installation for enhanced convenience.
- Sleek satin bezel design for a premium aesthetic.
