DESCRIPTION

High-performance 10" single-row LED light bar with integrated licence plate lamp and dual-colour front position lights (amber/white) in a sleek blackout design, suitable for both 12V and 24V systems.

FEATURES AND BENEFITS

• Dual-colour amber/white position lights for increased vehicle visibility. ADR-approved for on-road use when white is selected, and significantly brighter than EX2R position lights.

• Smoked lens protector for a blacked out appearance, providing a signature look for any car.

• Hybrid beam pattern offering excellent width and distance. 1 lux is available at 284m.

• Simple installation onto licence plate—no complex setup required, Installs in 10minutes thanks to an included plug and play fused wiring harness.
